

Events in 2006

December 4 and 5, 2006

CBB participated in the symposium during the XIXth Entretiens Jacques Cartiers entitled “Nanobiotechnologies pour l’analyse et la conversation d’énergie».
Institut Albert Bonniot - Université Joseph Fourier, Grenoble, France

July 6, 2006

GRSTB Guest Lecturer - J.E. Davies BDS, PhD, DSc
"Mesenchymal Cells and Tissue Regeneration"
École Polytechnique, Montreal

May 23, 2006

CBB Student Workshop
IMI, Boucherville

May 16, 2006

74^e Congrès de l'ACFAS - L'astrobiologie au Canada: activités et avenir

May 1, 2006

Symposium on the Interface between Biomaterial and Regenerative Medicine
Hôpital du Saint-Sacrement, Quebec City

May 5, 2006

CBB Annual General Assembly and Student Workshop
Trottier Building, McGill University, Montreal

April 19, 2006

BioMed Seminar at UQAM
Dr. Didier Letourneur: “Polymères en ingénierie cardiovasculaire: applications biomédicales”

April 21, 2006

Chemistry Department Seminar at UQAM
Dr. Didier Letourneur: “Matériaux Polymériques en ingénierie cardiovasculaire”

March 23, 2006

Prof. Jacob Israelachvili from the Department of Chemical Engineering and Materials at the University of California, Santa Barbara, CA gave a seminar on “Studies on Polymer and Biomolecular Adhesion”
Université de Montréal, Montreal
